Pretty Dance.

Pretty Dance.

An attractive affair of last evening was the dance given by Miss Mary Hoge Wortham, the young daughter of Mr. and Mrs. Coleman Wortham, at the home of her parents, 920 Park Avenue. The house was decorated in paims and spring flowers, and an orchestra played for the dancing. Supper was served at 11 o'clock, and the gnests included about 100 members of the school set.

Guests Entertained.

Miss Frances Ware invited fifteen of her most intimate friends to a pretty tea, given at her home yesterday afternoon between the hours of 4 and 6, the occasion being to introduce her guests. #### **AMUSEMENTS**

"Sunshine" Is Mostly Richard Carle. "Standine" is Mostly Richard Carle.
Richard Carle brought his inimitable humor to the Strand last night in an ainusing musical play of Spain, "Sunstine." He gives a refreshing sort of optortainment, with embellishments of song, and his own particular brand of dancing, but his original way of saying and doing junny things are the reasons for his many years of popularity.

reasons for his many years of popularity.

The play itself has very pretty music, and a chorus which appears occasionally in different frocks to sing and dance a little. It isn't much of a play, but as Mr. Carle himself is the whole show, it doesn't make much difference what the play is about. His personality and humor would carry a very poor play, and this is not as bad as all that.

"Two years ago I had ta grippe, which left me with a bad cough. Finally this became chronic bronchist asthma, and four doctors said it could not be cured.

### Weather Affects Retail Markets

Poultry Higher Because of Bad Shipping Season. Butter Lower.

The very bad weather of this week has affected the retail markets, and the supplies of good things to eat. Anything that is dependent upon receipts from the inmediate country sections is scarce and a bit higher because of the inability of countrymen to get their produce to the railway shipping points.

This condition has affected poultry more than anything else. The poultry prices quoted below ruled yesterday, and may rule this morning, but they may be somewhat higher. It all depends upon the receipts last night and this morning.

Cymblings and tomatoes all the way from Florida have put in their appearance in limited quantities. These goods are fine and they are, high. The tomatoes are going at 19 cents apiece, and for the extra sized ones it takes 25 cents to buy two.

The meat and fish markets are well supplied with prices unchanged. Eggs are lower and so is butter, both the creamery and country kinds. Fruits of all kinds are holding stiff at former quotations.

The quotations below rule today:

Milks Emulsion cleanses the stomach and bowels of all impurities, restoring healthy natural bowel action and doing away with all need of pills and physics. It corrects the digestive organs and improves the appetite. Thus it helps nature to build up the blood and tissue and to strengthen the throat, stomach and bowels. As a builder of flesh and strength Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repdiring the effects of wasting diseases. Chronic stomach trouble and constitution are promptly relieved—usually in one day.

development, is sometimes difficult to cure, it is an easily preventable discase.

The best plan is to begin treatment before the first symptoms starts. For no other disease will develop so quickly or spread so rapidly. You may feel fine today—be sick tomorrow and lose a week or more of work. You will indeed be fortunate, if pneumonis does not develop.

The air today is full of influenza germs. Every breath you take is likely to draw them into your nose and throat. You can prevent the disease by killing the germs before they spread throughout your body. There is probably no safer or surer way to do this than to go to the nearest drug store and get one of the famous Hyomei Inhaling Outfits, consisting of a bottle of the pure Oil of Hyomei and a little vest-packet, hard rubber inhaling device, into which a few drops of the Oil of Hyomei are poured.

Just breathe this Oil of Hyomei deep into your nose, throat and lungs and every particle of air that enters your breathing organs will be charged with an amtiseptic, germ killing balsam that will destroy the germs that have found longment there.

You can't do this too often. No organs will be dear gere line of the real control of the pure of the germs that have found longment there. vice with sermon at 11 o'clock, and will hold the usual service in the after-Bible Classes, at 9:39 A. M.

will destroy the germs that have found lodgment there.

You can't do this too often. No ordinary night and morning gargling or throat spraying will be sufficient so long as during the day you come in constant contact with infection. The Hyomel inhaler is small and can be conveniently carried in a handbag or vest-pocket. Every half hour or so throughout the day take it out and draw a few breaths of its pure healing air into your nose and throat. By doing this you can prevent infection and check the further spread of the disease, even though you are coming in expensive treatment, as the Inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

NOTE: Oil of Hyomei can be had at any drug store for a few cents.

NOTE: Oil of Hyomei, so strongly recommended above for the prevention of Spanish Influenza, is not a new discovery, but is the application of an old and time-tried treatment to a new discovery, but is the application of an old and time-tried treatment to a new discovery where Hundreds of people in Richmond and vicinity keep a Hyomel Outfit with inhaler on the bathroom shelf for regular winter use.
